There are no IPI catches in this fishery.

The point(s) at which fish and fish products may enter a chain of custody:

The point of change of ownership for the product from the fishery will be acceptance of fish by the customers of the Ross and Amundsen Sea Antarctic Toothfish client group (RAASAT-CG) members into their own storage and processing facilities. All merchants and processors wishing to sell MSC-certified fish that has been purchased from client group members will therefore require their own Chain of Custody certification.

The parties, or categories of parties, that are entitled to use this certificate to enter fish from the certified fishery into certified chains of custody:

The only fishing companies eligible to use the fishery certificate are the members of the client group (the Ross and Amundsen Sea Antarctic Toothfish Client Group, "RAASAT-CG") for this fishery assessment, and are listed below.

- Argos Froyanes Limited
- Austral Fisheries Pty Ltd
- Australian Longline Pty Ltd
- Peche Avenir SA
- Pesquerias Georgia SL
- Sanford Limited
- Stadt Havfiske AS
- Taiyo A & F Ltd
- Talley's Group Limited
- Terra Trans LLC
- TNS Industries Inc
